

COMPLETE DRIVE SOLUTIONS FOR IMAGING PRODUCTSSM

COMPLETE DRIVE SOLUTION

REPLACEMENT DRIVE | RETURN CASE | DRIVE SANITIZATION

This service option offers Office Imaging dealerships a turn-key solution for hard drive replacement & disposal without taking ownership of hard drives from your clients.

- Simply order replacement drives from Hytec & request **Complete Drive Solution** service.
- Replacement drives will be shipped to your location in a hard-shell case for secure return & chain-of-custody.
- Packaging, a pre-paid return label, instructions, & pad lock will be provided for secure return shipment.
- Returned drives will be completely sanitized to **DoD 5220.22-M** directive & will become Hytec property.
- Unusable drives will be completely destroyed & recycled in accordance with all governmental regulations.
- A certificate of sanitization or destruction will be provided.
- Two-way ground freight is included with the flat-rate pricing.

Pricing does not include replacement drives. Call or go online at www.hytecrepair.com for replacement drive pricing.

DRIVE SANITIZATION & RETURN

This service option erases drives to meet The US Department of Defense DoD 5220.22-M directive.

- Drives sent to Hytec will be erased to meet, or exceed, DoD 5220.22-M directive.
- Shipping & handling instructions can be accessed from Hytec's website at www.hytecrepair.com.
- Sanitized drives will be returned & a certificate of sanitization will be provided.
- Ground return freight is included with the flat-rate pricing.
- A hard-shell case is available for secure chain-of-custody. Please request **Secure Drive Sanitization** service.

COMPLETE DRIVE DESTRUCTION

This service option completely destroys drives by an industrial-grade shredding process, randomizing discharge material, and rendering all data completely unreadable. All debris is recycled in accordance with all governmental regulations.

- Hard drives will be completely destroyed, and a certificate of destruction will be provided.
- Shipping and handling instructions can be accessed from Hytec's website at www.hytecrepair.com.
- A hard-shell case is available for secure chain-of-custody. Please request **Secure Drive Destruction** service.
